In the classrooms...

1st and 2nd graders... Class Quote of the Week is a quote from Ellen Glasgow, "Nothing in life is so hard that you can't make it easier by the way you take it"!!! Along with doing homework, math, and reading, the students have had some time to work with money and take an adventure outside!!! Mrs. Daugherty wants to encourage you to keep them reading over Spring Break! When they get back, the students will get to "shop" at Mrs. Daugherty's 1st and 2nd grade class "Grocery Store"!!!

Reading!!!

3rd and 4th graders... This week they are reading about people who have changed the world!!! Students are reading about world changers such as Coretta Scott King, Peyton Manning, and Amelia Earhart. They are learning that some people are not content to let other people stand in their way. Next week they will be looking at ways at which they can become world changers!!! The class is in a math competition with 1-2nd grade and 5-8th grade classrooms to see which classroom can master the highest number of objectives. It's a close race, but they're in the lead!!!

**Helping out
one another!!!**

**Boy
Scouts!**

AWESOME!!!

5th through 8th graders... We want to start off by saying we are very proud of the student participation in last week's academic support week!!! Even though the program was minimized to just an hour, they still had two-thirds of the class participating. This week at MOMs, they will be getting back to their homework and Accelerated Math. They will also work on their creative writing projects. They will be discussing W.E.B Dubois and Booker T. Washington during African American studies with Ms. Armstrong!!!

**Creative Writing
Pizza Party!!!**

HAVE A SAFE AND ENJOYABLE SPRING BREAK NEXT WEEK!!!
