## In the classrooms...

**1<sup>st</sup> and 2<sup>nd</sup> graders...** The students are still working on homework and improving their reading and writing skills. This is the last week of the Ed Reading 430 program. The students did a wonderful job! The students participated in an egg hunt for k-kids on Thursday!

KEEP IT UP!!!

**3<sup>rd</sup> and 4<sup>th</sup> graders...** The students have been invited to be part of a promotional video highlighting their experiences at MOMs. Students were asked this week to put in writing what their time at MOMs means to them. On Monday, they took part in the planting of the pinwheels ceremony to highlight Child Abuse Awareness Month. Students were given a blue and silver pinwheel to plant in front of the center as well as a blue ribbon pin to wear! With 20 out of 24 report cards turned in, we had a wonderful showing at the report card party. Each student was treated to Little Caesar's pizza, a prize, and memories of time with friends. For the four students who have not yet turned report cards in, we ask that you turn them in ASAP! It will be appreciated.

AWESOME WEEK!!!

**5<sup>th</sup> through 8<sup>th</sup> graders...** Students continue to make excellent progress on their Accelerated Math objectives. In the shortened week, they were still able to complete another round of economics training with Dr. Yoho and Mall Tycoon. Students are using their STI login information to keep on top of their grades like never before, as we seek to eliminate all grades of ZERO from all of our classes. Students are doing a better job each week of bringing in work from class, even on days when teachers haven't assigned work. The students are getting better at their schoolwork, and it's showing! GREAT JOB STUDENTS!!!

## REMINDERS

- Motivate Our Minds will **NOT** have any students on Thursday April 21, 2011.
